ANSWER KEY CONTROL SHEET
(Fiesta Pink Full-sized Scantron Form – 200 Choice)

Name Field

Key Sheet Indicator
Code ‘ZZKEY’ and darken the corresponding circles.

Student Number Field

Key Number
First Key: Code ‘01’ and darken the corresponding circles.

Additional Keys: If you have more than one correct answer for any question, use an additional Answer Key Control Sheet for each correct answer. Code the additional keys ‘02’, ‘03’, ‘04’, etc. and darken the corresponding circles.

Additional Coded Data Field

Number of Questions
Code the number of the last exam question in Columns A, B, and C and darken in the corresponding circles (e.g., a 50 question would be coded as ‘050’). NOTE: If submitting more than one answer key, code this field only on the first key. Numbers with less than 3 digits must be coded with leading ‘0’s.

Answer Fields

Correct Answers
First Key: Darken the circle corresponding to the correct answer for each question. If you wish to omit a question, leave its corresponding number blank on this key and inform our staff when submitting the exam for scoring.

Additional Keys: If you have more than one correct answer for any question, darken the circle corresponding to the additional correct answer.

ALTERNATE TEST FORM CONTROL SHEET
(Fiesta Pink Full-sized Scantron Form)

Alternate Test Form control sheets are completed when multiple forms of the same exam are used (e.g., on a 100 question exam, all students are asked the same questions, but in a different order). Complete the control sheet(s) as described below, and then review the Alternate Forms Analysis instructions to provide additional required information.

Name Field
- Alternate Form Control Sheet Indicator
  Code ‘ZZALT’ and darken the corresponding circles.

Student Number Field
- Alternate Form Number
  Using a separate control sheet for each, code the number of each alternate exam form in columns A and B. One digit numbers must be coded with a leading ‘0’ (e.g., the first alternate form should be coded ‘02’).

Go to Alternate Forms Analysis for additional instructions.
ALTERNATE FORM TABLE INSTRUCTIONS

To create an Alternate Form Table, create an Excel file in which the items in Form 1 (the form that matches the Answer Key Control Sheet) are listed in the first column. In the subsequent column(s) indicate where each Form 1 item is located on the alternate form(s). The following is an example of a table for a five-item exam with three forms.

Alternate Form Table Example

<table>
<thead>
<tr>
<th>Form 1</th>
<th>Form 2</th>
<th>Form 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>5</td>
<td>2</td>
</tr>
<tr>
<td>2</td>
<td>4</td>
<td>3</td>
</tr>
<tr>
<td>3</td>
<td>3</td>
<td>1</td>
</tr>
<tr>
<td>4</td>
<td>2</td>
<td>5</td>
</tr>
<tr>
<td>5</td>
<td>1</td>
<td>4</td>
</tr>
</tbody>
</table>

When submitting your exam for scoring, bring a printout of the Alternate Form Table and a copy of each form of the exam along with the necessary control sheets.

The Alternate Form Table should also be e-mailed as an Excel file to oira@syr.edu.
